

# COMMERCIAL FIXED FRAME UMBRELLAS

**Copelands & Pickers** offer a range of Commercial grade fixed umbrella structures, complete with Architectural grade waterproof PVC covers designed to provide appeal, structural integrity, complete with sun and weather protection.

- Proudly Australian made in high grade steel.
- Available with fixed centre pole or fixed cantilever side post wind rated frames.
- Optional for installation are by bolt down base plate fixing to concrete slab or direct embedment pier cage footings.
- External or internal support posts are available in the cantilever style umbrella to suit site specifics and maximise internal space.
- All frames come with a quality durable triplex powder coated finish which includes sand blasting prior to coating.
- Canopies are fabricated in architectural grade waterproof PVC with high frequency fully welded seams, perimeter edge cable pockets.
- Available in a range of colours.

*Replacement Canopies are also available*
