

WATERPROOF PVC MEMBRANES

Copelands & Pickers Services

- Tensioned Membranes
- Structural Membranes
- Conical Membranes
- Commercial Umbrella Covers
- Domestic Waterproof Sails
- Contract Fabrication Service
- Automated Plotting and Cutting Service
- High Frequency Welding Service

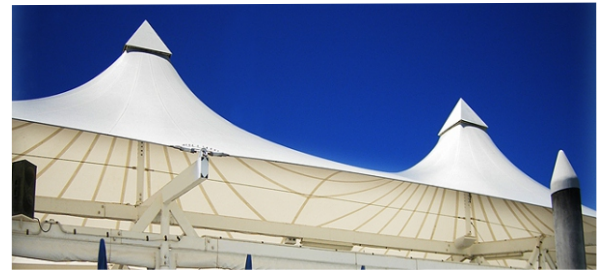

Copelands & Pickers are industry specialists in the fabrication of 100% waterproof PVC membranes for our Queensland and national customers, custom made to suit all shapes and sizes for the commercial or domestic markets.

We pride ourselves in producing products that are durable using only premium fabrics complete with old fashioned service to the building industry and professional shade sail companies.

Manufacturing from your patterns supplied or Copelands & Pickers service includes patterning from your detailed measurements to allow for our automated plotting and cutting process.

Our PVC membrane sails are fully welded using our high frequency welders to ensure the strongest bond and strength for a tensioned product.

We provide custom made corner plates or have available industry standard disc plates complete with suitable stainless steel edge cable.
